## Fax/Email Delivery Diagram

**Your Documents:**  
Multiple invoices,  
orders, quotes- any  
document!

Document "printed" to  
PDFBlaster

PDFBlaster Control Panel  
opens up

**PDFBlaster v3.0 Build 8**  
File Edit Custom Help

Outbox Settings Custom Queries S

**Unsent Jobs:**

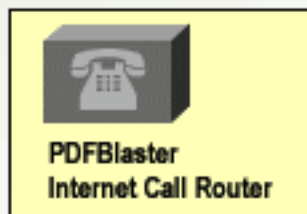

Job ID	Status	Type	To
1	Not Sent	Invoice	Be
2	Not Sent	Invoice	At
3	Not Sent	Invoice	Arg
4	Not Sent	Invoice	Su

### PDFBlaster Control Panel:

The Control Panel takes all of the documents you've printed, and automatically figures out which need to be faxed, emailed or both.

You can automate this so delivering documents takes only a few clicks!

Documents automatically sent  
over Internet

**Recipient Fax Machines**  
Received as local call

**Recipient Emails**  
Received as a PDF in recipient's email
